

Bio-E
Tocotrienol Soft Gelatin Capsules

Composition:

Each Soft Gelatin Capsule Contains:

Tocotrienol (50%) 200 mg

Excipients q.s.

Approved Colour Used in Softgel Capsule Shell.

Appropriate overages added to compensate loss on storage.

Dosage & Direction of use: 1 Capsule 1-2 times daily or as directed by the Dietician.

Indication:

Cardiovascular Support: Tocotrienols support lipid metabolism by maintaining healthy enzyme activity.

Cellular Support: Tocotrienols may support cellular health and provide antioxidant support in the presence of oxidative stress. Additionally, vitamin E plays a critical role in nucleic acid and protein metabolism, mitochondrial function, and hormone support.

Antioxidant Protection: The antioxidant actions of the alpha and gamma tocopherol fractions help to preserve the cell membranes of cardiac and skeletal muscles, as well as provide general cardiovascular support.

Contraindication: Hypersensitivity to any of the ingredients.

Storage: Store at a temperature below 30°C. Protect from direct sunlight, heat and moisture.

Keep out of reach of children.

Shelf life: 36 Months

Presentation: 10 capsules are packed in ALU-PVC Blister; such 3 blisters are packed in printed carton along with pack insert.
