

Vit D3

(Vitamin D3 200 IU Drop)

Composition:

Each drop contains:

Vitamin D3 (Cholecalciferol).....200 IU

Excipients.....q.s.

Appropriate overages of vitamins added to compensate the loss on storage.

Dosage & Direction of use:

0-1 years : 400 IU/Day or as directed by the Physician.

For oral use only.

Turn the bottle upside down for accurate dosage

Indication:

Vitamin D3 plays a vital role in regulating calcium and phosphorus metabolism in the body.

It is essential for proper absorption of calcium and phosphorus as well as proper bone formation and mineralisation.

Vitamin D3 enhances the absorption of calcium in the intestines and allows depositing into bones.

Contraindication:

Hypersensitivity to the active ingredients or to any of the excipients of the medicine.

Storage: Store protected from light &

moisture at a temperature not exceeding 30°C.

Keep out of reach of children.

Immediately replace cap tightly after each use.

Shake well before use.

Shelf life: 36 Months

Presentation: 5ml bottle.
